The 15th International Conference on Game and Entertainment Technologies (GET 2022) (part of the IADIS 16th Multi Conference on Computer Science and Information Systems 2022) was held in Lisbon, Portugal, during 20-22 July 2022.

This conference was organized by the International Association for Development of the Information Society (IADIS).

The conference tried to bring together research and practice from creative, social and business practitioners and researchers in this challenging field. The focus of this conference was on design, development and evaluation of games, entertainment technologies and the nature of play. Known to have been enjoyed since at least 30 BC, games and entertainment are a universal part of human experience and present in all cultures. Games and entertainment activities contribute to the social, emotional, psychological and physical well-being of human society. As game and entertainment technologies become increasingly more pervasive we are continually challenged in our work, learning and personal life by increased access to virtual spaces and communities that offer opportunities for everyday needs and aesthetic experiences. The ‘Creative Industries’ require design and development structures, techniques and methodologies that enrich, enhance and encourage new interaction modes, metaphors and in-depth co-creation.

This edition was published jointly with the 16th International Conference on Interfaces and Human Computer Interaction 2022. These events received 147 submissions from more than 24 countries. Each submission was anonymously reviewed by an average of five independent reviewers, to ensure that accepted submissions were of a high standard. Consequently, only 23 full papers were published. The overall acceptance rate corresponds to about 16%. A few more papers were accepted as short papers, reflection papers and posters.

Extended versions of the best papers were selected to be published in:

❖ the IADIS International Journal on WWW/Internet (IJWI). ISSN: 1645-7641

❖ the IADIS International Journal on Computer Science and Information Systems (ISSN: 1646-3692)

Besides the papers’ and posters’ presentations, the conferences also included a keynote presentation given by Professor Xiaoru Yuan, School of AI, Peking University, China.

**Keynote Presentation:**

VISUALIZING THE COVID-19 PANDEMIC

by Professor Xiaoru Yuan, School of AI, Peking University, China

Volume Editor: Katherine Blashki

Computer Science and Information Systems Series Editors: Piet Kommers and Pedro Isaías

Program Committee Members:

Program Chair
Katherine Blashki, Noroff University College, Norway

MCCSIS 2022 General Conference Co-Chairs
Piet Kommers, University of Twente, The Netherlands
Pedro Isaías, The University of New South Wales (UNSW – Sydney), Australia

Committee Members:

Abdennour El Rhalibi, Liverpool John Moores University, United Kingdom
Alf Inge Wang, Norwegian University of Science and Technology, Norway
Castulus Kolo, Macromedia University of Applied Sciences, Germany
Christos Bouras, University of Patras and Computer Technology Institute, Greece
Connie Veugen, Vrije Universiteit Amsterdam, The Netherlands
Damon Daylamani Zad, Brunel University, United Kingdom
Daniel Cermak-Sassenrath, IT University of Copenhagen, Denmark
Etienne Armand Amato, Gobelins L'École de L'Image, France
Gabriele D’Angelo, University of Bologna, Italy
Harry Agius, Brunel University London, United Kingdom
Kendra Cooper, Independent Scholar, Canada
Laura Ricci, University of Pisa, Italy
Marcia Medeiros, UniFANOR (Devry Brasil), Brazil
Mei-kei Lai, Macao Polytechnic Institute, China
Michael Katchabaw, University of Western Ontario, Canada
Michel Simatic, Telecom Sudparis, France
Mikael Collan, Lappeenranta University of Technology, Finland
Monica Gavrielidou, University of Thessaly, Greece
Panagiotis Kyriakoulakos, University of the Aegean, Greece
Pilar Lacasa, University of Alcala, Spain

Thrasyvoulos Tsiatsos, Aristotle University of Thessaloniki, Greece
Vlasios Kasapakis, University of The Aegean, Greece
Xiong Shuo, Huazhong University of Science and Technology, China
Yoshihiro Okada, Kyushu University, Japan
Zuo Long, Chang An University, China
